## EXPERIENCE

### INTERN | Oztiryakiler Inc.

Summers and Early Falls of 2021 – 2023

- Represented the company at its stand in HOSTECH by TUSID Istanbul, the 25<sup>th</sup> Annual Hotel, Restaurant, Café, Bakery Equipment and Technologies Fair on September 20-24<sup>th</sup> 2023 and interacted with attendees to raise brand awareness, expand the customer base and get to know competitors, advertised new products and identified company shortcomings for later business strategizing
- Assisted in developing a new technical support website and process for the company with a focus on increasing customer commitment and social media presence as well as decreasing ticket-solving times
- Accompanied the Oztiryaki CEO on his visits to company retailers in six different geographical locations and learned how the main company constructs effective cross-cultural communication with retailers
- Supported the company's relief for earthquake regions by supplying kitchen equipment and relief kits for the women in the area, a project led by the female employees, in collaboration with the UN
- Participated in corporate involvements such as the organization of cultural festivals sponsored by Oztiryakiler to uphold our cultural values in Sultanahmet and Buyukcekmece, planting forests in the name of fathers for Father's Day, creating waste-free corporate policies, and digitization of records

## ACADEMIC ENRICHMENT

### Private Algorithm Study

Jul 2023 – Ongoing

- Study algorithmic thinking with an associate professor to improve my problem-solving skills
- Learn coding (programming languages listed below in Skills) and entry-level data-mining

### Course Cloud Training: Fundamentals of Retail Analytics

Fall 2023

- Examined the challenges involved in retail analytics and the fundamental principles of retail analytics, earning a CPD certification
- Learned about the advantages of retail supply chain management, the workings of retail psychology, the effectiveness of marketing strategies across channels, and the steps to establish an efficient sales process taking targeting trends and customers into consideration

## SPORTS

### Fitness Coach

Sep 2023 – Ongoing

- Coach Bedales students who visit the school gym for various sports, motivating them to train and making sure they perform appropriate exercises for their personal goals, 9 hours a week
- Analyse and observe athletes from multiple perspectives and provide feedback on their performance
